

Wire Weaving with Dianna Purdue of Sparky's Sparkles & Things

Learn the beautiful art of wire weaving and create your own stunning jewelry that will catch the eye of all your friends. Students will learn the basics of wire wrapping vs wire weaving jewelry including measuring, binding, and multiple designing techniques. These skills create the foundation for making a variety of traditional structured pendants. During class time students will complete a pendant, depending on skill level. Various samples of woven jewelry will also be on display for students to refer to and find inspiration. Feel free to take this fun class by yourself or come with friends.

Call Serenity Center 209-295-2003 to confirm reservation.
